ABOUT AMBAYAREA

The Association of Manufacturers Bay Area (AMBAYArea) is a trade group dedicated to supporting Bay Area manufacturers through advocacy, collaboration, member education, purchasing power and workforce development. AMBAYArea membership is composed of C-level executives from manufacturing companies throughout the nine Bay Area counties (Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma), as well as community and industry partners. While AMBAYArea tailors its programming to manufacturers, various opportunities are available for service providers who wish to make new connections with manufacturers.
